

## Primary Care Network Acute Medicine Formulary

Effective 1 January 2026

### Important notes

- Reference pricing is applied. Members are advised to discuss the availability of less expensive generics with the pharmacist at the point of dispensing.
- The examples below serve as a guide to the prescriber. Listing of a particular product does not guarantee that a reference price will not be applied.
- If a product is dispensed that is more expensive than the reference price, the member will need to pay the difference in price at the point of dispensing.
- Quantity limits apply to some items on this formulary. Quantities that exceed this limit will need to be funded by the member at the point of dispensing, unless an authorisation has been obtained for a greater quantity.
- The formulary is subject to regular review. The formulary may be updated and changed when new information becomes available, prices change or when new medicines become available on the market.
- While every effort has been made to ensure that products listed are available on the market, it is possible that some products may be discontinued by the manufacturers during the course of the year. Should this be the case, members are advised to discuss alternatives with the pharmacist or the prescribing doctor.

Therapeutic Class	NAPPI Codes	Product Label Name	Limits
ANAESTHETICS	799211	AMETHOCAINE CREAM	QTY LIMIT = 2 UNITS; 3 FILLS PER ANNUM
ANALGESICS	792101	ACTAMOL 120MG/5ML SYRP	
ANALGESICS	717725	ACTAMOL 500MG TABS	QTY LIMIT = 200 UNITS PER ANNUM
ANALGESICS	704093	ACTAMOL RED (UN-BOXED)	
ANALGESICS	875643	ADCO-MEFENAMIC ACID	3 FILLS PER ANNUM
ANALGESICS	883102	ADCO-MEFENAMIC ACID CAPS	QTY LIMIT = 200 UNITS PER ANNUM
